## DATARACKS ETSI RACK CABINET

In response to the recent ETSI standard, Dataracks has created a range of cabinets that can both meet your requirements and comply with the standard, manufactured to the highest quality standards.

Whether you need your ETSI rack cabinet to work with your existing facility or require a full retrofit, our expert team are available to discuss your requirements.

### FEATURES

- > UK-built to the highest standards.
- > Compliant with EN 300 119-3 specifications.
- > 2 x ETSI mounting angles, removable side panels and roof with optional rear panels and front doors.
- > Drop in, rear and side doors.
- > Four adjustable rails provided in compliance with the ETSI standard.
- > Dedicated cable entry ports and open base for cable entry.
- > Anchor points to allow the cabinet to be fixed to the floor.
- > Fully adjustable mounting angles.

### Sizes available:

- 45U standard: (w) 600 x (d) 300 x (h) 2000m.
- 45U double depth: (w) 600 x (d) 600 x (h) 2000.
- Other sizes are available.
